Working safely during Covid-19 in the Visitor Economy
Purpose of the webinar

- Assist businesses navigate the NI Guidelines
- Set NI Guidelines in context of other legislation and advice
- Set out the need for and basic principles of Risk Assessment
- Outline the key things you need to know to re-open safely
- Sector Specific Hints and Tips
- Signpost Additional Sector Specific Support and Helpline
Format

1. Overview of General Guidelines
   • Background
   • Guideline Hierarchy
   • Key things you need to know

2. Panel session
   • Hints & tips

3. Additional Support Details
   • Sector Specific Webinars
   • Dedicated Helpline
   • Access to Professional Support Services

Sharon Scott  Facilitator

Gary McFarlane  Chartered Institute of Environmental Health
Janice Gault  Northern Ireland Hotel Federation
Colin Houston  Small Accommodation and Caravan & Camping
Ros Newlands  World Federation of Tourist Guide Associations
Victoria Williams  Attractions and Venues
Navigating the guidance

General Guidance Working safely during COVID-19 in the Visitor Economy

Accompanied by 2 specific sector documents:

- Working safely during COVID-19 in hotels and tourist accommodation
- Working safely during COVID-19 in restaurants, pubs, bars and takeaway services
• Prepared by the Department for the Economy, in partnership with Tourism NI and with input from the NI Recovery Working Group

• Consultation with Public Health Agency (PHA) and the Health and Safety Executive NI (HSENI) and other key Executive Departments, as well as trade unions.

• Reflects Guidance from UK Government Department for Culture Media and Sport (DCMS)

• Tailored to reflect NI public health and safety requirements and legislation and to ensure it includes advice relevant to NI
Supported by Trade Body/Sector Specific Guidelines

- British Holiday & Home Parks Association guidance: www.bhhpa.org.uk/covid19hs/
- The Association of leading Visitor Attractions (ALVA): https://www.alva.org.uk/index.cfm

Non-statutory guidance designed to help employers, employees and the self-employed in NI understand how to work as safely as possible during the COVID-19 pandemic

**Supporting Legislation**
Social distancing guidelines, as outlined in [Guidance on the Restrictions in Northern Ireland and Public Health Advice](#).
NI Executive 5 Stage Recovery Plan for re-opening the Visitor Economy and regulations set out under the [Health Protection (Coronavirus, Restrictions) Regulations (Northern Ireland) 2020](#).

**Guidance also reflects**
Guidance produced by the NI Engagement Forum ‘[COVID-19 Working Through this Together](#)’. 
HOW to use the NI Guidance

Checklist

• Read NI General and Sector Specific Guidance
• Consult the relevant trade body/trade union guidance
• Review the relevant Risk Assessment Templates
• Complete individual COVID-19 Risk Assessment, at a business and site level
• Think about your complete Customer Journey, inside and out
• Think about visitors, staff, contractors and volunteers
• Don’t forget about other H&S and employee legislation
Key Principles

• Carry out a COVID-19 Risk Assessment and revise all standard operating procedures as required.
• Develop suitable cleaning, handwashing and hygiene procedures.
• Help people to work from home, where possible.
• Maintain the recommended social distancing, where possible.
• Where people can’t maintain recommended distance, manage transmission risk.
• Clear communication to be aware of symptoms and what to do if symptoms present.
Thinking About & Managing Risk

Priorities

• Increase frequency of handwashing and surface cleaning.
• Enable working from home as a first option. If not practical, make every reasonable effort to comply with social distancing guidelines.
• If social distancing cannot be adhered to and the activity is deemed necessary to operate business further mitigating actions must be instigated such as additional cleaning, minimum time at activity etc.
• Use back-to-back/side-to-side working (rather than face-to-face) whenever possible.
• Reduce person-to-person contact ‘fixed teams or partnering’
• Use of screens/barriers to separate people
• Communicate results of risk assessment with your workforce and customer i.e. website
Thinking About & Managing Risk

Need to know

• Legal responsibility to protect workers (employees and volunteers), customers
• Think about risks they face and do everything reasonably practicable to minimise
• Consult with your staff to create culture of collaboration/trust/joint problem solving
• Consult and work with Local Council Environmental Health Office (EHO) as enforcement body
• Aim is to reduce risk to the lowest reasonably practicable level by taking preventative measures in order of priority

Further information is available at hseni.gov.uk, including a COVID-19 risk assessment template:
Maintain social distancing wherever possible for workers while in work, on arrival and departure and to enable handwashing upon arrival.

- Maintain social distancing as far as possible while people travel through the workplace and across sites.

- Maintain appropriate social distancing between individuals when they are at their workstations.

- Special arrangements to prioritise safety during incidents.
Managing Customers
Visitors, Contractors

- Informing customers/guests/visitors and contractors of guidance about visiting the premises
- Assessing the number of customers/guests/visitors, or crowd density
- Implementing timed ticketing or book ahead only
- Pre-booking and clear table times
- Reduce congestion and contact; for example, introducing a one-way flow
- Introducing queuing systems, using barriers and having staff direct customers.
Managing Customers
Visitors, Contractors

- Procedures for handwashing/sanitiser facilities as they enter
- Adults are responsible for children
- Contactless payments or pre-payments as part of the online booking
- Work with Local Council to consider impact on public spaces/pavement areas and instigate relevant Pavement Café legislation
- Communicate to customers/guests/visitors so they understand what they need to do to maintain safety.
Preparing to Reopen

- Carry out a full assessment of closed sites including water systems, electrical supplies, air conditioning, ventilation
- Review Cleaning Procedures. I.e. Key touchpoints, high traffic areas
- Specific guidance for suspected case of COVID-19
- Build awareness of good handwashing technique and frequency
- Hand sanitiser in multiple locations
- Use and cleaning guidance for toilets (SOPs)
- Waste facilities and management
- Picking-up and dropping-off collection points where possible
Personal Protective Equipment (PPE)

• Workplaces should **not** encourage the precautionary use of extra PPE.

• Risks need to be managed through social distancing, hygiene and fixed teams or partnering, not through the use of PPE.

• **But** if your Risk Assessment does show that PPE is required, then you must provide this PPE free of charge to workers who need it.

• Examples of when PPE may be required include small areas such as kitchens or areas where it is impossible to maintain social distancing.
Workforce Management

• Change the way work is organised to create distinct groups and reduce the number of contacts each worker has.

• Split into teams or shift groups, fixing these teams or shift groups so that where contact is unavoidable, this happens between the same people.

• Remove direct contact such as by using drop-off points or transfer zones.

• Ensure all workers understand COVID-19 related safety procedures.

• Ensure compliance with *The Reporting of Injuries, Diseases and Dangerous Occurrences Regulations (Northern Ireland) 1997* in relation to COVID-19.
Recap on Key Points

- Identify guidance relevant to your business sector
- Robust Individual Risk Assessment is critical
- Consider the Risk Assessment process as an evolving process
- Develop and Plan in collaboration with staff
- Creative design of signage/communication resources think about flexibility and budget
- Think carefully about use of PPE and other equipment
- Keep abreast of relevant guidelines – they WILL change
Panel Discussion
Continued Support for Tourism Businesses

• Dedicated Tourism NI Covid-19 Business Support Helpline
